

## **Who is Sylvan Joseph Schwegman?**

Sylvan was a man who started keeping a record of his class when his mother started a scrapbook. Sylvan continued with the endeavor for the rest of his life and we owe him our gratitude for maintaining some of our most precious memories of our school days from kindergarten through high school and beyond.

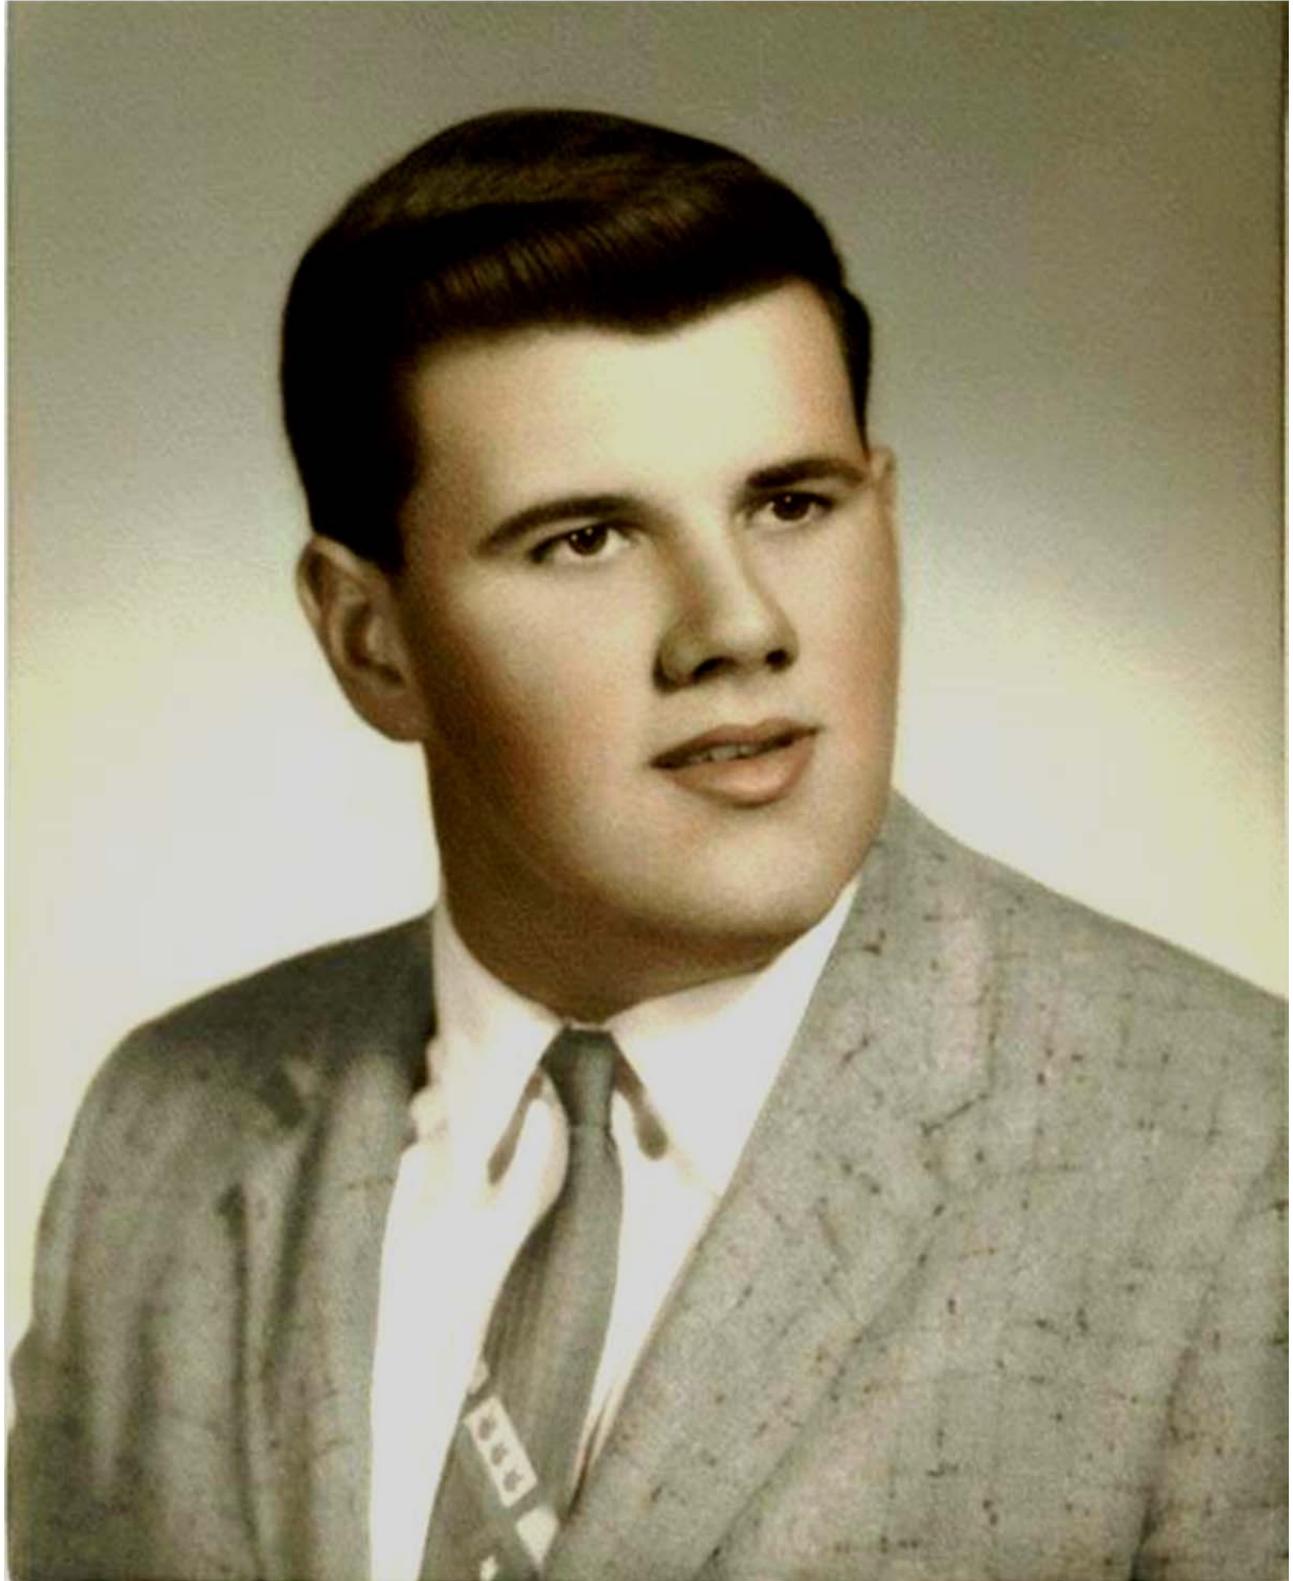

This website is dedicated to Sylvan Joseph Schwegman and his work. Sylvan had collected and kept in order a plethora of material from photographs to newspaper clippings to tickets to sectionals to miniature patrol boy badges. He had amassed three large scrapbooks that are kept by Frank Schwegman and Frank loaned them to me to copy. This website is the result of that work and it will always be a work in progress as new material is added. Although all of Sylvan's material has been copied and his siblings have it electronically, some of it has not found its way to the website yet.

Please keep in mind that I have been entrusted with the work that Sylvan has done but I will never replace him. I am only continuing his work in the manner that I think he would approve of.

Charlie Eldridge
